Perfil de aluminio extruido con acabado anodizado de 20 micras. Disponible en versiones de superficie, empotrado y angular. El perfil cuenta con tapas finales y puede montarse en forma de línea continua mediante uniones lineales. Dimensiones 21x21x3000mm.

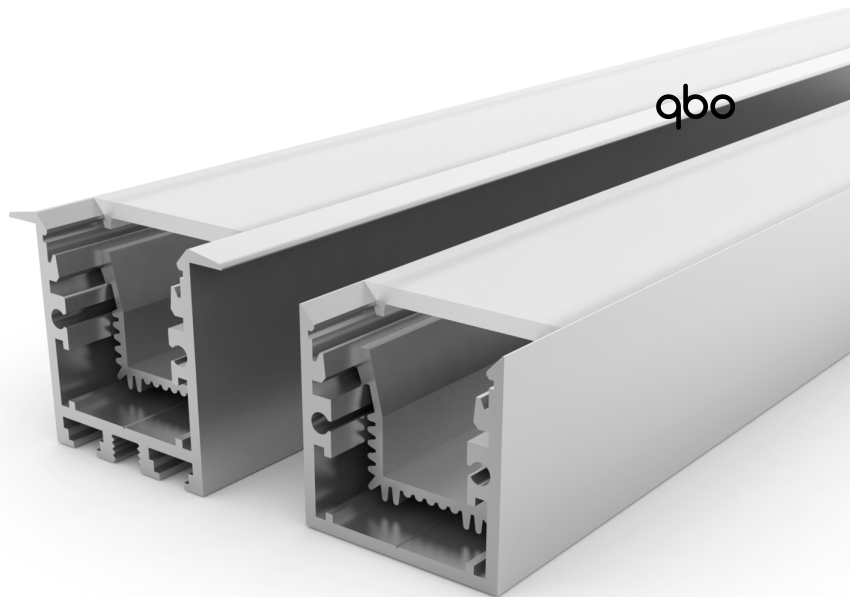

20 micron anodized extruded aluminum profile. Available in surface, recessed and angular versions. The profile can be closed with end caps and can be arranged continuously using linear unions. Dimensions: 21x21x3000mm.

..p21x21

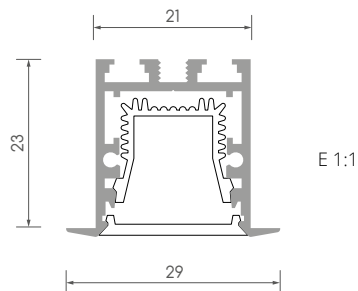

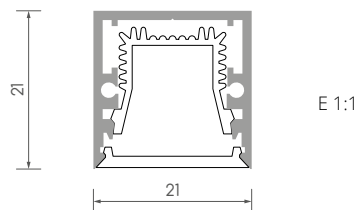

Perfil de aluminio extruido con acabado anodizado de 20 micras. Disponible en versiones de superficie y empotrado. Permite combinar distintos disipadores para alojar una o varias tiras de led consiguiendo distintos efectos. El perfil cuenta con tapas finales y puede montarse en forma de línea continua mediante uniones lineales. Dimensiones 21x21x3000 mm.

20 micron anodized extruded aluminum profile. Available in surface and recessed versions. Allows placing different heat sinks for single or multiple ledstrips to create the effect desired. The profile can be closed with end caps and can be arranged continuously using linear unions. Dimensions: 21x21x3000 mm
