Perfil de aluminio extruido con acabado anodizado de 20 micras, blanco o negro para montaje en superficie o suspendido. Equipado con difusor en policarbonato mate. Las tiras de LED van instaladas en una bandeja que se desliza en el interior del perfil cuyo ancho permite alojar más de una tira. El perfil cuenta con tapas finales y puede montarse en forma de línea continua mediante uniones lineales. Dimensiones: 83x50x2000mm.

20 micron anodized extruded aluminum profile, white or black finish with the possibility to be surface mounted or suspended. Equipped with a frosted polycarbonate diffuser, end caps and linear unions that allow to add more pieces to make a longer luminaire. The LED strips are placed on a plate that slides into the profile whose width allows to place more than one strip. The profile can be closed with end caps and can be arranged continuously using linear unions. Dimensions: 83x50x2000mm.
