qbo

A photograph of a modern interior space featuring a dark metal frame and a ceiling with corrugated metal panels. Several Edison-style light bulbs are visible, some of which are illuminated, casting a warm glow. The word "edison" is overlaid in white lowercase letters in the center of the image. The background shows a large window or glass partition, and the overall aesthetic is industrial and contemporary.

edison

lampholder

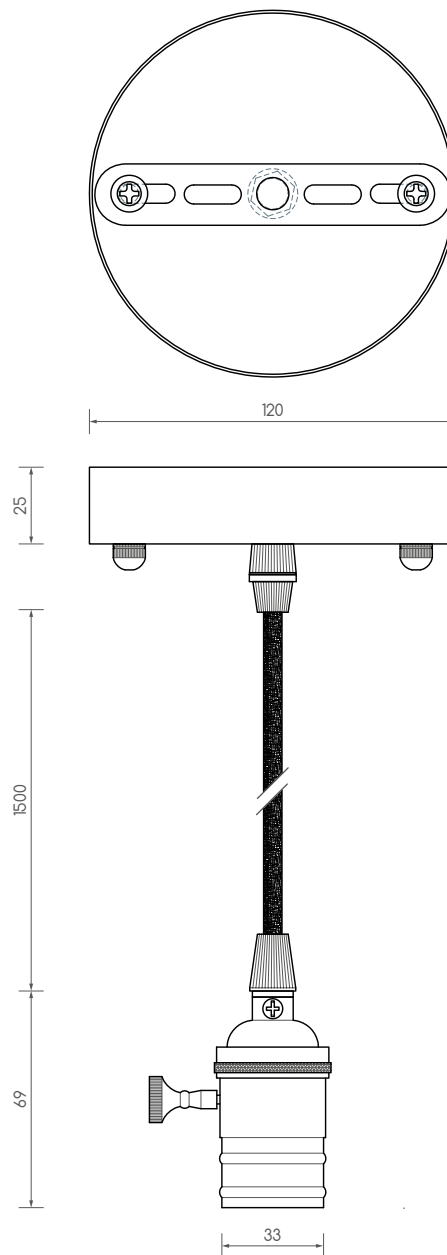

lampholder

Cable liso compuesto de dos cables interiores de cobre cubiertos con plástico. Ambos cables están recubiertos de algodón negro. El cable final tiene un diámetro de 5.92 mm y una longitud de 1,5m. Incluye un florón de latón sujeto al techo. El florón contiene una placa de metal atornillada a los lados que ayuda a unirlo al techo. La placa también está atornillada al techo. También está incluido un casquillo de latón con un portalámparas E27 que admite lámparas de un máximo de 60W

Straight cable composed of two interior copper wires covered in plastic. Both wires are covered in a black cotton fabric. The final cable has a diameter of 5.92 mm and a length of 1,5m. It includes a brass cap with a lampholder E27 which admits lamps with a maximum wattage of 60W. It also includes a brass rosette attached to the ceiling. It contains a metal plate with screws on the sides of the rosette which help attach it to the ceiling. The plate is also attached to the ceiling.
